

UNION OFFICIALS OBEY COURT MANDATE

FINAL ADJUSTMENT OF MINERS STRIKE IN SIGHT

AGREE TO CONFER WITH OPERATORS FRIDAY

Meeting Will Be Held on Invitation from Secretary of Labor Wilson—Orders to Men Mailed Out to Different Districts Last Night.

INDIANAPOLIS, Ind., Nov. 11.—The way for the final adjustment of the controversy between the bituminous coal operators and the United Mine Workers, America, which resulted in a strike of 425,000 union miners and action by the government in the federal court appeared in sight tonight.

While the representatives of the miners, who earlier in the day had agreed to comply with the mandate of United States District Judge B. B. Anderson, in a conference

last night, the miners' representatives, including the president of the United Mine Workers, John L. Lewis, and the secretary, William Green, were expected to arrive in Washington tomorrow morning for a conference with Secretary of Labor Wilson.

Mr. Lewis on behalf of the miners accepted the invitation of Secretary Wilson to meet in Washington tomorrow morning at 10 o'clock and to discuss the terms of the proposed settlement.

ORDER OF STRIKE CANCELLATION

Judge Anderson characterized the order as a "good faith effort" to comply with his mandate. The text of the order follows:

"To the officials and members of the United Mine Workers of America:

"Dear Sirs and Brothers: In obedience to the mandate issued on November 8, by the United States court, district of Indiana, Judge A. B. Anderson presiding, the undersigned hereby advise you that the order of October 15, directing a cessation of operations in the bituminous coal fields of our jurisdiction is withdrawn and cancelled.

"Your fraternally,
WILLIAM GREEN,
Secretary - Treasurer,
JOHN L. LEWIS,
president."

"The miners accepted. When Mr. Wilson was home he had received no formal reply from the operators but was unofficially advised that they would comply with his request. The secretary was assured by operators and miners that they would endeavor faithfully to frame a pay scale that would send the 425,000 strikers back to work willingly and at once.

Thomas T. Brewster, head of the operators' association of the central competitive field who arrived from St. Louis, made public tonight a telegram to John L. Lewis, acting president of the miners' organization, urging "prompt resumption" of negotiations. The message sent, it was explained before Secretary Wilson put his invitation on the wires, made no reference to the fact before Director General Hines several months ago.

Conferring with the director general were Timothy Shea, president of the firemen and engineers, L. E. Shepherd, president of the conductors; W. G. Lee, president of the trainmen, and J. J. Corrigan, acting for W. S. Stone, president of the engineers. When the meeting adjourned it was stated the session would be resumed tomorrow.

While union leaders were understood to be insistent in their demands, it was indicated that all discussions were amicable. The brotherhood men were said to realize the force of Director General Hines' argument that he could make no agreement which would further increase pay because of the short time before the termination of federal control.

The brotherhood chiefs set forth strong arguments for changes in working conditions which they hold works an injustice to certain members of their craft.

The final breaking up of the strike, with announcement by the miners' officials that they would heed the blunt command of the federal court brought a sigh of relief from expressions of surprise from labor leaders who frankly had not expected it. Some labor leaders were doubtful if the miners as a whole would go back to work before adoption of a new wage program. It was because of this uncertainty that Secretary Wilson and Mr. Brewster entered immediately into their task.

There was a difference of opinion tonight as to how long the joint conference might run, but every effort will be made to reach a speedy agreement. Some officials were inclined to think that the job might be a bit more difficult because of the large number of fields involved.

Secretary Wilson had all this in mind, however, when he invited the men to meet him in Washington.

The meetings will not be public but Mr. Wilson will sit down with the two groups, as he did before, and urge them to settle their differences and quickly agree upon a new agreement. All of the formal demands, including the five-day week, the six-hour day and a sixty per cent wage increase will be wiped from the slate and a new start made.

PEORIA STUDENTS STRIKE. Peoria, Ill., Nov. 11.—Two hundred students of the Peoria high school who went on strike today because, it is said, the school was not dismissed on account of Armistice day, will face suspension for two weeks on their return to school tomorrow. President George Mitchell of the school board announced tonight that the students, by their action, are already suspended.

FORTY L. W. W. TAKEN. Portland, Ore., Nov. 11.—Police tonight raided a W. W. headquarters here and took forty men who were attending a meeting to the jail for investigation.

HOUSE MAKES LITTLE PROGRESS ON R. R. BILL. WASHINGTON, Nov. 11.—Expressions of opposition to government ownership of railroads drew applause from both Democratic and Republican members when debate of the house railroad regulation bill began today.

After hearing proponents of the Plumb plan for government ownership, the committee was convinced that government ownership was not and never can be the solution of the railroad problem, declared Representative Esch, Wisconsin, chairman of the interstate commerce commission which framed the measure and the applause he received was repeated when others uttered similar statements.

The only suggestion of the transportation problem as a 1920 campaign issue was raised by Representative Sims of Tennessee, ranking Democratic committee man. While supporting the committee plan, Mr. Sims reserved the right to offer a substitute, later proposing continuance of government control until the end of 1921.

"By that time the campaign will have passed, the congress will have been elected, labor will have gone thru its reorganization and so will Wall Street," he said.

Consideration of the bill was begun under agreement for sessions continuing late into the night.

ORDER OF STRIKE CANCELLATION. Judge Anderson characterized the order as a "good faith effort" to comply with his mandate. The text of the order follows:

GOVERNMENT WILL HELP MINERS WITH NEW WAGE SCALE

Hope to Reach an Early Agreement on Differences.

WILL MAKE NEW START

WASHINGTON, Nov. 11.—Having forced the miners to call off the coal strike the government set out today to help them negotiate a new wage agreement. On the heels of the announcement that Federal Judge Anderson at Indianapolis had approved an order promulgated by the United Mine Workers of America, rescinding the strike notice, Secretary Wilson invited representatives of the miners and operators from all the fields involved in the walkout to meet here Friday "for the purpose of negotiating a basis of settlement."

The miners accepted. When Mr. Wilson was home he had received no formal reply from the operators but was unofficially advised that they would comply with his request. INDIANA OFFICIALS GUILTY OF USING MAILS TO DEFRAUD

Muncie Mayor Among the Convicted — Fleeings Total Thousands.

INDIANAPOLIS, Ind., Nov. 11.

Several alleged swindlers, including Mayor Rollin H. Bunch, of Muncie, Ind., and Prosecuting Attorney Horace G. Murphy, of Delaware county, were found guilty in federal court here late today of conspiring to use the mails to defraud.

The seven men were part of a group of 24 indicted in connection with the Muncie case which involved more than twenty alleged swindle cases and a total of \$150,000. All other defendants had pleaded guilty, some of them having changed their pleas to guilty during the trial.

Sentences Deferred. Sentencing of the men convicted today will not take place for a week or possibly ten days, it was stated. The maximum penalty is \$10,000 fine, two years imprisonment, or both fine and imprisonment.

Besides Mayor Bunch and Prosecuting Attorney Murphy, those found guilty were Elmer Gentry, Chauncey Stilson and Edward Quick, city detectives of Muncie; Edgar D. Siler of Indianapolis, and Sam Hestler of Toledo, Ohio.

Those who pleaded guilty were Lucius Stilson, L. S. Scott, and Joseph Engleton, of Muncie; James Whitney, Des Moines, Ia.; William Schober and Hubert McGinnis, Indianapolis; William Guthrie, Trinity Springs, Ind.; Sidney Boucher, Hillsboro, Ill.; C. Myron Burch, Detroit; Edward Bliss, Logansport, Ind.; Harvey Robins, Three Rivers, Mich.; William M. Collins, Byers, Colo.; Arthur Betz, Decatur, Ill.; Dave Buttermore, Champaign, Ill.; Tom Connor, Rhodes, Mich.; Marion T. Jacks, Monon, Ind.; and C. S. Stansbury, Kansas City, Mo.

The defendants were charged with having lured prospective victims to Muncie on the pretext of selling them land at absurdly low prices and then persuading them to bet on fake prize fights. During these bouts, according to testimony, one of the boxers apparently would be injured and the victims would be warned to leave town at once to prevent their connection with the fight being learned by the police. In each case the money bet on the fight was that originally intended for use in the purchase of land.

The alleged swindlers, several of whom testified that they received protection from Mayor Bunch, Prosecutor Murphy and police officers were arrested by federal agents after operating for a year in Muncie, it was declared in testimony.

Among those "fleeing" by the machinations of the gang of swindlers was \$5,000 to \$10,000 were: Adam G. Remmetter, Springfield, Ohio; John Koster, Francisville, Ind.; John W. Jameson, Rich Hill, Mo.; Frederick H. Roberts, Lowell, Ind.; C. R. Scroggins, Harrisonville, Ill.; John R. Bradshaw, Decatur, Ill.; Clarence Kerschner, Kansas, Ill.; Edwin DeMolter, Los Angeles; Oliver J. Pettit, Indianapolis, and Herman J. Freer, Saginaw, Mich.

George Fulk of Bethany, Ill., had put up \$10,000 with the defendants, according to evidence and had returned to his home for more, when his bankers became suspicious of the men with whom he was dealing and communicated with federal agents here.

Investigation of Fulk's case led to the arrest and prosecution of the twenty-four men.

THOUSANDS TAKEN. SPRINGFIELD, Ill., Nov. 11.—Celebration of Armistice day in the state capital assumed proportions not unlike those of a year ago when bedlam was let loose.

So noisy and furious did the thousands of the city's enthusiasts become that business for the most part was abandoned and stores were closed shortly after noon. Grade school students deserted their classrooms and the police gave over the streets to the surging throngs. There was no disorder, except for the pause at 11 a. m. the armistice anniversary hour, there was not let up in the din which began at daybreak with sounding whistles, bells and drums.

The day ended with an address tonight in the state arsenal by Brigadier General W. K. Naylor of Fort Leavenworth, Kansas, and a grand ball following.

DECLARES JOHN L. LEWIS' MIND UNCHANGED. St. Louis, Mo., Nov. 11.—Declaring John L. Lewis, acting president of the miners' union has not changed his attitude on the coal strike, Harry H. Merriek, president of the Mississippi association and the Chicago Association of Commerce speaking before the national drainage congress convention here tonight asserted the withdrawal of the strike order was only a "momentary yielding to law."

RADICALS FIRE ON PARADE OF WORLD WAR VETERANS

Three Killed, Two Others Dying at Centralia, Wash.

LYNCHING ALSO TAKES PLACE

BULLETIN. CENTRALIA, Wash., Nov. 11.—Dale Hubbard, the fourth victim of today's shooting during the Armistice day parade, died tonight at 11 o'clock of his wounds.

Late tonight it was learned that the man hanged by the mob here was Britt Smith, secretary of the Industrial Workers of the World local here.

CENTRALIA, Wash., Nov. 11.—(By the Associated Press)—Three members of the American Legion are dead, two service men are in a precarious condition and several others were wounded when persons said to be members of the Industrial Workers of the World fired on an Armistice day parade here this afternoon.

Another man, said to have been one of those who fired on the marchers, is believed to have been lynched, but confirmation was lacking.

At least eight supposed Industrial Workers of the World are in the local jail, guarded from a mob of several hundred former comrades of the men shot down today.

The dead: Arthur McElfresh, Centralia. Ben Cassagranda, Centralia. Warren Grimm, Centralia. The wounded include: Dale Hubbard, Centralia (dying). John Earl Watt, Chehalis (not expected to live).

Following the shooting Dale Hubbard of Centralia gathered a small number of men together and started in pursuit of an armed I. W. W. The fugitive dashed down a side street, turning and shooting at the men as he ran. The pursuers finally drove the man to a river bed where he took refuge behind a clump of bushes. As the men came up, he fired, wounding Hubbard four times.

According to ex-service men who said they were present Hubbard's party caught the man they were chasing, after he had fired at them several times. Hubbard and the man grappled, they said, and the supposed I. W. W. fired directly into Hubbard's body.

George Stevens, another of the crowd chasing the gunman kicked the pistol from the I. W. W.'s hand. A rope then was placed about the man's neck, thrown over the cross arm of a telephone pole and he was hoisted into the air. The police persuaded the crowd to let the man down before he was dead and he was taken to jail.

T. C. Rogers, mayor of Centralia, A. C. Hughes, chief of police here, and other citizens addressed a crowd in front of the jail tonight asking the citizens not to attempt to lynch the prisoners. Early tonight a meeting to discuss the situation was held at a local club and soon afterward the city's electric lights failed. In the darkness one man was removed from the jail.

The best available account said the man was placed in an automobile, flanked by six other cars filled with men and hurried into town. This man, reports said later, was hanged to a bridge. It generally was believed that the lynching had taken place.

37 RADICALS HELD UNDER \$5,000 BAIL. NEW YORK, Nov. 11.—Eighteen of the 37 radicals arrested in Saturday night's raids were arraigned in the municipal court today on charges of violating the state's criminal anarchy statute. They were held in \$5,000 bail each for examination tomorrow.

Five others were held on similar charges in a Brooklyn court. The remaining 14, who admitted that they came to this country as sailors without passing immigration department examinations were released upon their promise to pay the \$8 head tax.

HUSBAND IN PRISON; GRANTED DIVORCE. Elgin, Ill., Nov. 11.—Mrs. Jennie Dargatz of Elgin was today granted a divorce from James Dargatz. Dargatz is now serving an eight-year sentence at Leavenworth, Kas., having been convicted of using the mails to defraud in connection with the sale of cattle. Judge F. E. Shopen granted the decree.

CLEVELAND CHOSEN 1920 CONVENTION CITY OF LEGION

Body Also Demands Deportation of Victor Berger.

MINNEAPOLIS, Minn., Nov. 11.

The first convention of the American Legion today started pronouncement of its policies by adopting a resolution declaring the organization to be "non-political" and demanding the deportation of Victor L. Berger of Milwaukee, as a disloyal citizen.

A stormy session of the convention began late today after the legion had observed Armistice Day by a parade which ended with presentation to members of the 151st Field Artillery, a regiment composed largely of Twin City men at the parade grounds before the armory.

Other important decisions reached today include the selection of Indianapolis as permanent national headquarters of the legion and Cleveland as the convention city for 1920.

Washington and San Francisco contested with these two respectively and lost by narrow margins.

Holders of public office or candidates are barred from office in the legion by amendment to the constitution adopted late today declaring that the legion will take no part in politics.

A certificate of the French government for the family of each American soldier killed in France was presented to the convention with the statement that the French government requested the legion, as far as possible to deliver these certificates to families of slain veterans. The resolution asking cancellation of Berger's citizenship and his deportation, drawn by Theodore Roosevelt Post No. 1 of the District of Columbia was adopted on motion of the Wisconsin delegation and a similar resolution asking investigation of the record of Representative Voigt of Wisconsin was adopted. Representative Voigt cast the only vote in Berger's favor when the national house of representatives voted a few days ago not to seat Berger.

The resolution requests congress "if it finds Representative Voigt to be disloyal to take steps for his expulsion from the house of representatives."

Anyone who doubts the business and executive ability of women should read a report showing that out of 11,000,000 women in gainful occupations, one million are serving in managerial positions.

Now a relative of President Wilson has brought suit against the Mexican government because unable to secure damages on account of the murder of her husband several years ago. Evidently the Mexican question is getting very near home for the president, but the benevolent policy of the

government toward the southern republic continues.

THE RIGHTS OF THE PUBLIC.

Dr. Henry Van Dyke in a recent public address said that the principle of collective bargaining is thoroughly established and has come to stay. But perhaps the most interesting affirmation in his address and the one the people will thoroughly approve, was that both labor and capital must realize that they are not responsible solely to each other but that responsibility to the public exists and in the settlement of questions between capital and labor the public interests must certainly be taken into account.

The people of Toledo responsible for the ouster proceedings against the street railway company evidently didn't expect the order to be taken literally. Now they are very angry because the management of the company took quick action and removed all the cars outside the state line.

It's a safe guess that the Toledo public thinks a great deal more of street car conveniences now than they did a few days ago. People are so accustomed to the conveniences of modern living that they often fail to recognize their value.

GIVING REPUBLICAN WOMEN DUE RECOGNITION

The Republican national committee has outlined a policy whereby women of the party will

be given full voice in its affairs. This is not only good politics but is a fair action as well. Women in many states now have limited suffrage rights and there is every reason to believe that only a few months hence will see them full-fledged citizens in every state of the union.

Women know just about as much about public affairs as men. They are just as vitally interested in public policies and in being accorded an equal voice in management of party affairs are merely coming into their own.

MEDIATION AGENCY NEEDED.

The senate committee which investigated the steel strike found both sides blameworthy. The committee believes in the policy of open shop for which the employers are contending, but also believes that for certain classes of labor in the steel mills there should be shorter hours.

The most important thing about the investigation is that the report recommends to congress the establishment of a mediation agency. Such an agency according to the report would have powers that are clearly defined and the means should be available for enforcing them. The conditions resulting from the steel strike have also given point to the committee report and pending industrial struggles also point to the need of some such agency.

INCREASES PROBLEMS OF CHILDREN

One unfortunate effect of high living costs, especially as seen in the cities, is the larger number of mothers who leave their homes for salaried positions. This fact is increasing the activities and problems of organizations dealing with the welfare of children. There has been such an increase in the number of mothers engaged in various lines of business or industry that the industrial nursery is now a feature of many big manufacturing plants. The nurseries are being established to take care of the small children of many of the workers. The employing companies are not doing this as a matter of philanthropy but just as a part of their industrial policy and because they have need of the women workers.

TRIBUNE URGES FARMERS TO ORGANIZE.

Farmers as a rule do not think that the Chicago Tribune or other metropolitan papers get the proper view point in considering agricultural or livestock matters. However, they will be satisfied with the attitude of the Tribune in urging some form of organization which will enable farmers as producers of necessities to speak with some degree of authority, both to capital and labor.

It is well argued that since the farmer is dealing with necessities, that he has the right to a voice in the settlement of affairs in which all of the society is interested. The farmers responded in a whole-souled way to the war time request for increased production and since other lines of business are really dependent upon agriculture it certainly will be a matter of business if the farmers organize in a way to make their power felt when the occasion demands.

ALVIN YORK, HERO.

Jacksonville will indeed be honored by the coming of Alvin C. York of Pall Mall, Tenn. There were many heroes developed by the world war. Possibly none can equal the particular record of this soldier in special personal achievement in combat with the enemy. Certainly none can excel him in modesty or in earnestness of spirit. He has turned his back upon most flattering and profitable offers from film and theatrical managers.

Instead of making a personal fortune he prefers to engage in a work which will be beneficial to the young people of his home community. He knows the need of education there in that backwoods district and is lending his strength and fame to the establishment of a fund which will mean educational advantages to hundreds of boys and girls of his home area. Not only the public utterances but the actions of Alvin York show that he is every inch a man and that he has an unusual conception of duty toward his fellow man.

A SIDE LIGHT OVER GOMPERS

A special writer in the Chicago News presents an interesting view of the present industrial struggle and in which the activities of Samuel Gompers and some of his associates have an entirely different meaning from that commonly accorded them. This writer shows that Mr. Gompers did not approve of the steel strike and that he sought to settle the coal strike last week and would have accomplished this but for the refusal of John L. Lewis to make certain concessions. The theory is that Mr. Gompers has necessarily made certain statements and concessions to the radical element in labor organizations in order to retain a certain amount of favor with organized labor.

If this writer is to be believed Mr. Gompers, Mr. Morrison and some others of the recognized conservatives in the labor organizations feel that the greatest good that they can accomplish for the country is to remain within the organizations in which the radicals now have control and seek from within to temper policies as much as possible. They feel that if they were to come into open breach with the radical element and separate from the organizations that very great damage might result to the public.

At any rate, this is an interesting light on the whole big question and is deserving of consideration before Mr. Gompers comes in for too much criticism or condemnation as a radical.

Rippling Rhymes By Walt Mason

The Frosty Morning.

The world outdoors is white with frost, at morning, when I leave the hay, and I, regardless of the cost, put up a glad and brave hooray. The frost is gleaming on the hills, and glittering along the vales; the doc should put it up in pills, the druggist weigh it on his scales. I praise it in the highest terms; it is more precious than our rolls; for it's the stuff that kills the germs, and makes the microbes hunt their holes. A mortal loses all his pep when blistered by a summer sun; he rolls along with weary step, and feels as though he weighed a ton. A slight exertion makes him groan, he's always in a grouchy mood; in every sinew, every bone, he feels a beastly lassitude. But when the autumn frost appears, and eager winds his whiskers nip, he rolls his shirt sleeves to his ears, and looks for some one he may whip. The languor of the summer time, the weariness of sizzling heat, no more oppress him when he'd climb around the town on busy feet. In August I am beastly old, as old as graybeards ever are;

but when the frost lies on the world, I'm younger than a movie star.

LESLIE DUGAN HAS FINGER INJURED

Leslie Dugan, 649 South Kosciusko street, an employe of Andre & Andre received a painful injury to the middle finger of his left hand Tuesday afternoon by having it caught between a door and the body of an automobile truck.

The accident happened at the home of H. M. Andre about 5:30 o'clock. Mr. Andre and Dugan had taken the truck to put it away for the night. Dugan opened the door of the garage for Mr. Andre to drive in. He underestimated the width of the body of the truck and his hand was caught between the body and the door.

The flesh on the inside of the finger was lacerated its entire length and the back of the hand was badly bruised. Dugan was taken to the office of Dr. King, who attended the injury. The wound required several stitches to close. He was then taken to his home. It will be several weeks before he is able to return to work.

SOME OLD TIME DOCUMENTS

Yesterday as Harry Ogle was going through old papers he came across to interesting documents. One was dated 1829 and was a plat of 120 acres of land sold to Mr. Ogle's grandfather, Absalom Ogle, and plotted by J. Shelton, county surveyor.

The other document is a deed of land sold by Samuel Hagan and wife to Absalom Ogle. David Manlove was the justice of the peace before whom the deed was acknowledged.

The writing of both documents is clear and distinct and the handwriting is also good. Good ink must have been used as there is no indication of fading in either document.

OILED ROADS.

This is the time when oiled roads show up to best advantage. In almost every direction where the highways have been properly treated traveling has been good right along even after the recent rains. Of course this plan cannot successfully take the place of regular hard roads but it is a good second when the roads are properly graded or dragged.

A short time since a man with a heavy car and chains on tires plowed thru a good piece of road the morning after a heavy rain when upon H. H. Massey patriotically went right out with his drag and repaired the damage saving lots of trouble to travelers.

LATE FIGURES IN RED CROSS ROLL CALL

Total Now Reaches the 4,000 Mark—Many County Precincts to Hear From.

Earl Spink, county chairman in the Red Cross drive, was able to report last night total memberships of 3,992. This includes the actual total of 2,950 for Jacksonville and 141 from the county. It includes also 501 from Concord, Murrayville, Litterberry and Alexander, not officially reported and 400 memberships which Waverly has agreed to secure.

It is expected that there will be at least 150 more memberships in Jacksonville and that various precincts in the county from which no memberships have come will later send in their full quotas.

It is not too much to expect that when all reports are in that the memberships will be found close to the 5,000 mark. The office will remain open thru the week. Mr. Spink's figures last night were as follows:

The Strange Career of Katherine Bush, the great Cosmopolitan story by Elinor Glyn.

'From Stenographer to Duchess'

"She was quite untroubled by what the world calls morality—and she had no scruples. These were for a later date in her career." So the story of Katherine Bush begins—the girl who wanted to learn from the greatest of all—the book of life! One must see life, she argued, and it was better to make her first plunge with a person of refinement, who knew the whole game. Mabel's refinement was almost of the degree of the Boston lady who insisted upon the piano's "limbs" being put into pantaloons with frills. A woman always loses a man if she gives away to him against her conscience. I think most men are devils—but nine tenths of the women are fools. Let her have her lovers. We have all had lovers. No one in the least objects to them, arranged suitably. She had tasted of the tree of knowledge with her eyes open, and the fruit that she had eaten was too dangerously sweet for continuous food. Her adventures, her joys and sorrows, the love that came at last will enthral her.

Relief in 20 Minutes

Science added Menthol, Wintergreen and other healing oils, the fumes of which, inhaled, give instant relief inside, where the real irritation is. At the same time the goose-grease and turpentine set up a counter-irritation that draws away the soreness.

Wonderful relief is felt almost instantly by the inflamed lungs, throat and nasal passages.

MEN-THO-EZE is the name of this new-old remedy—a positive relief for the simple ailments and a first-aid for the more serious ones. It relieves the most stubborn cold, usually with one application. Fever subsides, the phlegm is loosened and restful, healing sleep follows.

IN RETROSPECT

Many residents of the city and county remembered yesterday not only as Armistice Day, but as the date on which eight years ago the city and vicinity was visited by an extraordinary storm. The date eight years ago occurred on Saturday. The temperature at noon was 78 degrees. During the afternoon the temperature dropped rapidly until 20 degrees above zero was reached.

At Virginia a severe windstorm did much property damage. Mattoon and Virden were visited by cyclones.

Stock suffered from the temperature drop. Many farmers who drove to Jacksonville in the morning, came in with few warm coats or wraps and suffered severely from the change.

Another resident of the city has reason to remember 11-11, as it was on the eleventh of November fifty-five years ago that S. W. Nichols came to Jacksonville to reside. Mr. Nichols came here from Ohio soon after his discharge from the Union army.

WILL MEET TONIGHT
The H. Y. club will meet at the Y. M. C. A. this evening at 6:15 o'clock at which time a supper will be served by the ladies of Brooklyn church.

NOTICE
All members of the D. A. R. desiring to make a ticket report will find Mrs. William Barr Brown at the Farrell & Co. bank Thursday from 10 to 12 and 2 to 4 o'clock.

WILSON LEAVES SICK BED FOR FIRST TIME
Continued from Page One.)
formal statement in an address to wounded soldiers at Walter Reed military hospital:
"The men who made armistice day possible in 1918," the naval secretary said, "will never permit anarchy or autocracy to rule here in America. Here where brave men who made the noblest sacrifices are making ready for future patriotic service there is no need to make resolution of devotion to Americanism. Your dedication, made in bloody trenches, calls for no peace declarations because deeds live where words are forgotten."
"This is not a day for doubt or despondency or dalliance. It is a day for national baptism in the faith that sent American boys unafraid over the top."
"My message to civilians is: Let us follow liberty as the men in arms fought and died for it. To be worthy of them we must join with them to make democracy safe for the world."

Prince of Wales Received
With a simplicity in keeping with ideals of democracy, Edward, Prince of Wales, was welcomed to Washington today and became a guest of the nation.
Owing partly to the illness of President Wilson the reception ceremonies on the arrival of the prince were very informal, altho Vice President Marshall, members of the cabinet and high officers of the army and navy stood in a drizzling rain at the station to greet the distinguished visitor.
After greetings and a ride thru wet streets behind a cavalry escort, Prince Edward's time was taken up with receiving formal calls, until he broke away to pay a brief visit to the white house and make personal inquiries as to the health of the president. He was received by Mrs. Wilson and Miss Margaret Wilson, but will not see Mr. Wilson until Thursday. The prince then will be Mrs. Wilson's guest at tea and will visit Mr. Wilson in his sick room.
Thruout the day a wide degree of elasticity characterized his stay.

HOUSE SEEKS WAR CONTRACT FIGURES
WASHINGTON, Nov. 11.—Representative Graham, Republican, Illinois chairman of a war investigating sub-committee today issued a resolution requesting Secretary Baker to have a review made of the settlements of war contracts with eight corporations and if it disclosed any irregularities in the settlements to begin proceedings "to recover sums of money due the government."
In the opinion of the committee said a report also submitted by Mr. Graham, the government may have a right to recover "millions of dollars."
The report named the American Can Company, the Stein-Burn Can, and Field Equipment Company, Henry Moss & Co., Briar Hill Steel Company, National Enameling & Stamping Company, Standard Steel Car Company, Jones and Laughlin Steel Company, and the United Metals Selling Company, as those investigated by the committee.
Salvage values, fixed by government agents, on special facilities furnished by the government to these corporations were in the opinion of the committee "insufficient and unjust to the government," the report said.

BLAMES PUBLIC FOR HIGH PRICES
PITTSBURGH, Nov. 11.—Orin Lester, director of the savings division of the United States treasury at Washington, addressing delegates of the third world's Christian citizenship conference here today declared the public was at fault for prevailing high prices. These were due, he said to the extravagance everywhere of persons who could do well without many luxuries they deem necessities. The manufacturer and the distributor cannot be blamed, he blamed, he said, for they naturally cater to public demands. Mr. Lester declared that retail prices have increased more than 85 per cent from August, 1914, to January 1, 1919.

FARMERS WILL ORGANIZE
Chicago, Nov. 11.—A national organization of farmers, intended its organizers say to curb both labor and capital when they transgress the rights of the public will be formed here tomorrow.
D. O. Thompson, secretary of the Illinois Agriculture Society said today that twenty three states would be represented. Members will be representatives of farm bureaus.

ADVOCATES DEPORTATION
Champaign, Ill., Nov. 11.—Advocating deportation of aliens who are attempting to spread radicalism in the United States, former Senator J. Hamilton Lewis delivered the Armistice Day address at the University of Illinois this afternoon. Classes were halted at the university in observance of the day.

GALICIANS JOIN VOLUNTEER ARMY
London, Nov. 11.—A wireless dispatch received today from General Denkin, the anti-Bolshevik leader in south Russia, says 30,000 Galicians have joined the volunteer army and as a consequence General Simon Pletura, head of the Ukrainian forces, intends to lay down arms.

AUTOMATIC HAT BOY ON EXHIBITION
New York, Nov. 11.—The hotel hat boy and his tip will be things of the past if hotels generally adopt the automatic "hat boy" on exhibition today at the fourth annual—National Hotelmen's Exposition. Hotel men from all parts of the country gave the automatic device, which resembles the old fashioned hat rack their instant approval.

PRINCE OF WALES DELIVERS MESSAGE TO AMERICAN PEOPLE
WASHINGTON, Nov. 11.—The prince of Wales concluded the first day of his visit to the United States with a message of greeting tonight to the American people in which he paid a warm tribute to the part played in the world war by the army and navy of the United States. The prince delivered his message in person at the National Press club and it marked the termination of probably as strenuous a day as the young heir to the British throne has spent since he is landed on the American continent.
His official welcome was crowned tonight with a banquet tendered by Vice President Marshall, acting in the place of President Wilson and it was at the close of this function that the prince drove to the press club and expressed thanks for his welcome in a message addressed to the nation.
"I am very glad," he said, "to take advantage of the invitation of the National Press Club to send a few words of greeting to the American people on my first arrival in their beautiful capital. It would have been a very great regret to me had the president's illness had unhappily prevented me from fulfilling my keen desire to visit the United States this year and for this personal reason, as well as for much wider ones, I rejoice in his steady improvement."
"What I want to say to you is easy said. It is to tell the American people thru you with what pleasure I recall my visit to their gallant forces in Europe last winter and how glad I am now to be making acquaintance with the great people from whom those forces came. I was able to visit several of your divisions in France and Germany and also the very smart sixth battle squadron which you sent to join the Grand Fleet in the North Sea. The spirit of your soldiers and sailors, officers and men, appealed to me very strongly and made me wish to know their country and their kin."

"Now that I am really here in the United States I feel that my anticipation will be completely fulfilled. Your institutions, your ways of life, your aims are as democratic as ours and the atmosphere in which I find myself is the same invigorating and familiar atmosphere which I have always noticed in my American friends."

DECLARE UNION DEMANDS UN-AMERICAN
CHICAGO, Nov. 11.—Organized labor and its demands for shorter working hours and higher pay were represented as unpatriotic, greedy and un-American in resolutions passed at the annual meeting of the National Association of Commissioners of Agriculture here tonight.

The representatives of the farmers of every state in the Union warned that the radical demands of labor are leading straight toward a revolution and to a government not of the people but of one class many of whom are unable to speak our language or understand the spirit of our American institutions.
The resolution condemning labor was only one of several which denounced the profiteer, endorsed the farm loan act, deplored strikes and lockouts of all character and urged the farmers to join one central association for the protection of their interests.

SECOND DIVISION A. E. F. IN FIRST REUNION
Chicago, Nov. 11.—The second division A. E. F., celebrated Armistice Day here today with a reunion of six hundred of its members. A luncheon, business meeting and theater party were on the order of the day's program.
Major General John Leflore, United States Marines, who commanded the division during its many engagements in France was elected president of the association and with him other officers, for 1919-1920.

U. S. SHIPPING BOARD STEAMER LOST
Halifax, N. S., Nov. 11.—The 49 officers and men of the United States shipping board steamer Polar Land, who took to the boats Sunday when their ship was sinking 90 miles east of the Cape Breton coast, have not been found.
Several steamers took up the search for the boats yesterday after the unsuccessful efforts of the British Steamer Kanawha, but so far no wireless reports have been received from them.

FOUR KILLED IN CRASH
Philadelphia, Nov. 11.—Four men were killed and a dozen persons injured when a tug crashed into a crowded Philadelphia and Reading Railway ferry boat on the Delaware River here today. One hundred and fifty persons were rescued from the ferry boat.

ZION MINISTER DIES
Zion City, Ill., Nov. 11.—Samuel F. Huston, 68 years of age, an elder in the Christian Catholic Apostolic church, died today of cancer, which his friends declare developed from a slight scratch received from a woman's hat pin in a Chicago street car four years ago.
He was ordained 12 years ago by the late Rev. John Alexander Dowie, founder of Zion City.

existed. Delegates to the conference who were questioned on this subject would make no predictions.
Patriotic devotion to government and American ideals caused the United Mine Workers of America to comply with the order of the United States court to withdraw the strike order, according to a statement made tonight by T. H. Searles, editor of the United Mine Workers Journal. The statement follows:
"When the officials of the United Mine Workers of America announced that they would comply with the order of the United States court and obey its mandate they simply followed the historic policy of the union of patriotic devotion to the government and American ideals and institutions."
"The United Mine Workers will not fight the government. It is their government just as it is the government of every other citizen. It is their government, just as it is the government of the coal operators."

"The coal miners believe in observance of the law of the land. When their government speaks they obey regardless of personal sacrifices. Naturally then when the government told them to call off the strike, they responded patriotically and loyally."
"Now, what will the operators do?"

MAY FILE FORECLOSURE PROCEEDINGS
Chicago, Nov. 11.—Federal Judge Evans today made an order permitting the Northern Trust Company of Chicago to file foreclosure proceedings against the Aurora, Elgin & Chicago Electric Railroad Company for non-payment of \$239,970 interest due January 1 and July 1 on \$4,700,000 five per cent bonds issued in 1906. The road has been operated under the receivership of Joseph K. Choate since August 9.

Music was in the hearts and souls of everybody and all who could sing were invited by the Chaminade club to aid in the celebration with their voices. The church was handsomely decorated with flags and national emblems while plants added to the beauty. The weather was absolutely perfect and all was auspicious for the occasion. DeSilva's drum corps, always in evidence, college boys and others on the streets made the welkin ring with strains appropriate to the day.

The committee on arrangements, Mrs. Virginia Vasey, chairman; Mrs. C. J. Ehnie, Mrs. Homer Potter, Mrs. R. L. Stice, and Miss Cornelia LaRue, did their work well.

Charles H. Keep of the Illinois Conservatory of Music was the director of the chorus and right well did he perform his difficult task showing himself to be a born leader. H. W. Pearson of the Woman's College, played the great organ with consummate ability and nothing was lacking to make the success of the occasion complete. The Illinois College glee club and the Illinois Conservatory chorus rendered grand music assisted by the Illinois Conservatory orchestra. The great choir and the singers in the vast audience rolled up a volume of song which was truly inspiring and sent a thrill thru the soul of every one present.

Organizations Represented

The seats of honor were assigned to the grey heads of the Grand Army of the Republic and civil war veterans who were out in good numbers while near them sat the ladies of the Relief Corps. Especial mention is due the 250 young ladies of the Woman's College who came in a body bearing flags and showing every evidence of patriotism. The Daughters of the Revolution graced the occasion with their presence as did the Mothers and Friends organization. There were also seventy from Brown's Business College, fifty from the high school some from Rount College and people from everywhere. It was a superb audience with a single purpose, to show true patriotism and rejoicing over the great victory won by the heroic boys across the sea.

A hush fell over the vast audience as Mr. Keep took his place and raised his baton and announced "America" as the first number. The mighty organ

pealed forth the first notes and then the vast audience joined the chorus in singing the words with a will.

A fervent prayer by Rev. M. L. Pontius followed and again the welkin rang with another mighty chorus, "The Battle Hymn of the Republic," sung as never before in this place.

Memorial to Stain

This was followed by an excellent paper read by Mrs. Harriet Nelson and entitled "Memorial to Our Victory Boys." The writer paid a fitting tribute to the heroism of the noble men who gave the country their lives that the world might be freed from the mighty incubus of monarchy and absolutism. She depicted in vivid sentences the trials and hardships endured, the obstacles overcome and the grand victory achieved. Then she asked all to stand and reverently listen to the reading of the list of the boys from Morgan county who made the supreme sacrifice. They were:

James Cully, George Foster, Francis Saner, Earl Smith, Herman Waters, John J. Valley, Paul J. Stout, Harrison Dickson, Lloyd Malone, George James, Charles Devlin, Arthur Collins, Martin Hope, Philip J. Standley, August Briggs, James Whitlock, Leland Collins, Frederick Berghaus, Herman Englebrecht, DeMotte Gates, Kenneth Skeen, Chester Hart, Louis Day, Ralph H. Bartlett, Harold White, William Hanson, Robert Landis, Leonard Young, Arthur Wilmouth, Leland Pond, Henry Martin, Louis Dohrs, Kenneth Wright, Arthur Winningham, Harry Grady, Arthur Kitchen, Vaughn Willets, Thomas A. Flynn, John Phalen, Raymond Baxter, Harry Hughes, Henry Jones, Howard Ogle, Joseph Patterson, Isaac N. Kemp, Tracy Fisher, Carl Boyer, Roy Fligg, Earl Sooy, William J. Worrall, Charles Thomas Woolford, Everett Weeks, Russell Eyre, Joseph Dowling, Clarence Patterson, Roscoe T. Hawkins, Lee Flynn, Henry A. Debinder, Dana L. Swift, Bernard Walsh, Thomas Cooney, Mente Otto Williams, John Windenham.

Miss Rena Lazelle of the Woman's College then most ably sang a selection entitled "The Americans Come." It was received with great acceptance.

Dr. Harker's Address
Dr. J. R. Harker, chairman of the day, then stepped forward and said in part:

"One year ago today, at this very hour, the most awful and destructive war in the world's history was ended by the unconditional surrender of the Germans. For days we had been expecting the glad news minute by minute, and when at last, at the eleventh hour of the eleventh day of the eleventh month, the word 'Victory' was flashed around the world, there was the greatest and most spontaneous outburst of joy and thanksgiving and rejoicing he world had ever known.

"No one in Jacksonville can ever forget the impromptu parade of that day a year ago. Our city, like all other cities in America, went wild in a delirium of exultation. What did it mean?

"It meant gratitude to God in whom as a nation we have always trusted, this time thru many dark days. It meant appreciation of all our brave men and women who had given themselves without reserve to the winning of the war, and many of whom had yielded their lives in the full measure of their devotion. It seemed to mean, as many of us believed and still hope, that the final supreme effort of all the united forces of evil to overthrow the good in the world had been utterly defeated, and that at last had really come the beginning of a new world era, an era of glory to God, and peace on earth, and good will among men.

"It is very right that we thus meet in Jacksonville to commemorate the great day. Let us thank God for the coming of world peace, for the triumph of brotherhood and equal rights for all classes over autocracy and class oppression.

"But while we thus celebrate, let us remember that all wars are not yet won. There are many problems yet to be solved, in the world, in our own nation, in our own community.

"The committee arranging the program of the day have honored themselves and all of us in the selecting of a speaker to represent us on this occasion—one of our foremost fellow citizens. He has not only gained distinction for himself, but has conferred it on our city by his distinguished service in a most important international commission, which brought aid and health and hope to one of our bravest but most terribly stricken allies in the war.

"I have the honor and the privilege of introducing Major Carl E. Black, who will address us."

Major Black Speaks.
The address of Major Black was a masterly effort. He said his claim to disqualification for the effort lay in the fact that he was away from the army and didn't know the armistice had been signed till a week after the eventful day. They knew negotiations had been going on but

that had occurred before and as they were on a small steamer loaded with supplies for Kavalla, a devastated region of eastern Macedonia, they were well out of touch with the army. He told in a lively manner of the perils of that voyage and its successful issue.

"Like many other communities Jacksonville is celebrating a grand event. We are agreed that the cause of the war was the impresentable ambition of Germany, a country with a defective system of education and an exploded theory of the divine right of kings. "The U. S. entered the war not because there were ambitions to be satisfied; no desire for territory, but to see justice and peace prevail. We resented the manner in which Germany exploited a weak nation and her barbarous conduct which kept other nations in a turmoil. We entered the war with clean hands and all nations turned to us to aid them in securing what was theirs.

"Immortal nations may succeed for a time but their end will be death. The awful atrocities of the German army were abhorred by a righteous Creator and He gave them over to destruction. The deeds and achievements of our country were colossal and the wonder of the world. We gave new heart to the allies and brought victory out of defeat. Armistice day combines in it all the glories of the celebrated day of yore."

The gentleman closed his fine address with an earnest plea for the adoption of the league of nations even if it meant the mandate for Constantinople, the center of the danger zone of the east.

I. C. Glee Club
As a contrast to the stirring songs of patriotism the managers of the program next chose the gentle tones of "Nearer My God to Thee," which was sung in a suitable manner and then the Illinois College glee club sang in a splendid manner "Land of Mine." There is always something fine and attractive in a chorus of male voices and the effort on this occasion was excellent.

Again chorus and people were joined on this time to the sweet song "Home, Sweet Home," and it was rendered in a manner befitting the theme after which came a grand number, The Halle-lujah Chorus, from the oratorio of the "Messiah," sung with fine acceptance by the Illinois College glee club.

Mrs. Robert L. Stice, member of the Chaminade club, then sang in a highly artistic manner, a solo, "Sound the Loud Trumpet," after which the whole force of chorus and congregation was poured out in a fine volume of song in "The Star Spangled Banner."

Rev. J. F. Langton.
As President Rammelkamp was away, Rev. J. F. Langton was called on almost at the last moment to represent Illinois College and he delivered a fine address, as was to be expected. A few remarks are selected.

"The last speaker has honored the community and country by his fine services to stricken Greece. Illinois College has a record which is the pride and glory of the state and nation. When a statesman was asked to pronounce a eulogy on Massachusetts, he said: 'There she stands; God bless her.' This is a grand hour of rejoicing. We are enjoying the land which the Grand Army made possible. In addition to other blessings our country has had fine crops for years and has been able to supply food for the world. All over Europe they are confronted with hunger; starvation stalks abroad and our abundance must supply the need. This is a period of unrest and there are grave fears for the future; many forces for evil stalk abroad in the land, yet when a crisis has ever arisen the man for it has appeared as Gov. Coolidge in Massachusetts braved the dictation of evil men determined to overthrow society and law and defied them and the people indorsed him most grandly. I feel the American people will obey the will of God and do the right."

Dr. Harker said the thanks of the community were due the members of the Chaminade club for the grand success of the day. The thanks of the club are also due the Ayers National bank for the fine programs; John G. Reynolds, William & Cody, Andre & Andre, W. W. Gillham and J. H. O'Donnell for the loan of chairs and to all who in any way aided in making the affair a success. They appreciated the presence of so many organizations and remember with pleasure the young ladies of the Woman's College, the canteen girls and others.

"Blest be the Tie That Binds" was then sung and the benediction by Rev. T. H. Tull ended the splendid exercises.

THE GET-TOGETHER SPIRIT

November 11, 1919.
To the Editor of the Jacksonville Journal—

Our beautiful little city has good reason to sing on this first anniversary of Armistice Day—not alone for national and international victory, but as well for civic and community conditions and prospects.

It puts a song into everybody's heart to see the assured adequate supply of water in the new Jacksonville lake and the added assurance of the necessary filtration plant to make the water pure and safe for every possible civic purpose. It makes everybody happy to see the new spirit of cooperation manifest in every department of the city's life. It means the healthiest city in the state, the cleanest city, the most beautiful city, the most desirable residence city, the most attractive educational center. The long wished for factories will come now, tourists will stop here, people will want to make their homes here. More homes will be built, there will be work for everybody. Jacksonville will be known everywhere as a prosperous, happy, and desirable town.

What has done this? Getting together and keeping together. All working together for the good of Jacksonville.

The way to succeed in anything is first to have intelligent vision. To see clearly beforehand what we want to do. Then get together and work together and sing together and keep together until it is done.

May I venture to suggest one or two things we now need to do as a community?

First: We should make our sewer system effective and adequate. For the first time in our history as a city we have water enough for all city purposes. Our present sewers should now be thoroughly and abundantly flushed. Clean out every sewer as it has never before been cleaned, and keep them clean from this time on.

The city council should appoint a competent committee to study the sewer question, and bring in a full and complete report to show what Jacksonville needs, what are the possible ways of meeting these needs, what it will cost, and how it can be done. Perhaps we cannot get at the sewer problem for a year or two, but in the meantime let the city be finding out what can and ought to be done.

Second: We need to get together and make better roads in and around the city.

Third: We need to get together to secure adequate hotel accommodations for the increase of tourists and visitors that is sure to come.

Fourth: We need to get together to bring about an era of housebuilding to supply the present and the surely increasing demand for homes that we are going to have.

Here is the winning program: See the coming prosperity and needs of the town. Then get together, work together, sing together, and keep together till we get what we seek. Jacksonville can do it.

JOSEPH R. HARKER.

Your Cow will Pay for a Louden Steel Stall

Give her a chance to do her best! Give her sanitary surroundings. Give her Pasture Comfort in the barn. Give her a Louden Stall, and watch her milk production jump!

Cows are a lot like humans in the way they respond to kind treatment and comfortable surroundings. The difference in a year's returns from a contented and from a discontented cow will pay for a Louden Steel Stall.

* Steel stalls cost but little more than wood; they last ten times as long. It isn't necessary to build in order to use them. You can install them in the old barn.

Booklet No. 2 contains some interesting stall information. Write, or ask for it when you're in town.

and destined to be one of the most popular designs in table silver yet produced. Sure to please.

See It Here

The Silver's History

"Lufbery" Silver, now on display at the Charles Price Jewelry store, takes its name from one of the most daring of American aviators, a man who gave his life after he is credited with downing seventeen German machines.

Thirty-four years ago there was born in Clermont, France, Raoul Lufbery, his father an American and his mother French. At an early age he ran away from home and became a world wanderer and finally drifted into Wallingford, Conn., and for a short time was employed in the factory of the International Silver Co.

But the work did not appeal to him and he again took up his wanderings and in 1916 joined the French aviation service. When the American air service began to assume active shape in France he was commissioned a major in the American army and later inducted into the United States service with that rank.

Just how many German machines he destroyed may never be known altho he was officially credited with seventeen.

When Major Lufbery was shot down on the battle front the best aviator in the American air service was lost to the cause of the Allies, and a brave man went to his death.

WINCHESTER PAINTER INJURED BY FALL

Fred Markillie, Painfully Hurt Yesterday Afternoon While at Work—Other News Items.

Winchester, Nov. 11.—Fred Markillie suffered a painful accident Tuesday afternoon about four o'clock when he fell from the roof of Joseph Montgomery's residence. Markillie was painting the roof and was standing on a ladder at the time. When the ladder began to slip toward the edge of the roof, Markillie held on to it and also held to his bucket of paint with the other hand. When the ladder reached the guttering, however, Markillie was unable to maintain his hold and fell a distance of approximately 18 feet to the ground. All of the ligaments of his right leg were torn loose and he suffered much pain from the shock and severe bruises. Dr. William O'Reilly was called and had the injured man removed to his home where medical attention was given him. It is believed that no bones were broken altho it was unable for the doctor to make a thorough examination owing to Markillie's condition.

Standard School

Victory School of District No. 20, Miss Bessie Coultas teacher, had double cause for an observance of Armistice Day, as besides celebrating the date because of its historic significance the teachers and pupils were also jubilant that the school had been declared a Standard school. In recognition of this fact the diploma was hung up and the brass plate tacked up over the door Tuesday. This is the fifth Scott county school to become a Standard school.

Elected Officers

The ladies of the Relief Union met Tuesday afternoon at the home of Mrs. Grant Mader. During the business meeting officers for the coming year were elected as follows:

FARM THEMES

Electricity on the Farm. The farmer has "arrived" in Illinois as a user of electric light and power. The demand for electric service on farms of the state is growing so fast that it amounts to an entirely new phase of the public utility business, and the handling of it introduces new problems for both utility managers and public officials. These are so intricate and important that the State Electric Association has appointed a special committee to make a thorough study of the subject.

The exceptionally prosperity of the farmer of the last few years is at the bottom of the demand for electric service. He wants the same modern conveniences and labor-saving service as his city brother. Serving rural customers from Central Stations, however, presents big difficulties, as compared with the serving of patrons in the compact cities and towns. Farm customers are widely separated, the cost of installing equipment is much greater than in cities, and the problem of putting such service on a self-supporting basis does not find ready answer.

This rural demand puts electric utilities on an entirely new basis, in respect to rate making. It means that their operations and their rates cannot be regulated as local enterprises, doing business exclusively in cities and towns in which their central stations are established. Some of the problems involved were brought out in a paper before the State Electric Association, by D. W. Snyder, of Bloomington.

As a result of the farm demand, Mr. Snyder said, "an immense mileage of low voltage rural transmission lines has been built, with little attention paid to standardization in construction, method of ownership, or scientific rate-making. The continued activity in rural business, however, has awakened the Illinois Public Utilities Commission and most of the Central Station management to the fact that the rural business is not negligible, and presents some very costly and intricate problems."

"It is certain that at the outset farmers' customers cannot be served at city rates because of the greatly increased cost of furnishing the service. But the farmers are insistent in their demand and they must be served. It is up to the Central Stations to take this rural business out of the experimental stage and devise a standard plan of meeting the needs."

Funerals

Baker.

Funeral services for Mrs. Matilda Baker were held from the residence in Alexander Monday afternoon in charge of the Rev. J. R. Chevrant. Music was furnished by Miss Katherine H. Davenport, Ernest Strawn, Joel Strawn, Clayton Ewing, William Kumble and Andrew Johnson, Sr.

A NEW MYSTERY OF THE SEA

Nobody Admits Seeing Actress Who Disappeared Leave Stateroom.

The mystery that has brooded over the deep sea ever since man first looked out upon its broad bosom has not been materially lessened by the light of experience and increasing knowledge. People and ships still disappear as unaccountably and completely as they did a thousand years ago, despite all the safeguards and means of communication that human ingenuity has devised.

The latest ocean puzzle to gain a place in the public print centers between Halifax and New York. The heroine is a young English comedienne, Marie Empress, who disappeared from the Cunard liner Orduña a few hours after the vessel had left Halifax for New York. She was seen in her stateroom early in the evening when the ship was an hour out of port and nobody on board admitted seeing her leave it, when the steward unlocked the door next day after she did not respond to calls or appear at the luncheon table. Her bed had not been slept in and she had not called the steward for the lunch she had been in the habit of eating about 10:30 o'clock each night since leaving Liverpool.

Miss Empress, who had played two long engagements in America and presumably was on her way to sign a third contract, was always cheerful when she came in daily contact with other passengers on the ship. Never had she intimated that tragedy might overtake her. And, so far as her fellow travelers know, she left no note of explanation among the several pieces of hand luggage and five trunks which were turned over to the British consul at New York without examination by the American Customs officers.

The ship was searched thoroughly as soon as Miss Empress was missed, but no more trace of her was found than if she had been dissolved into thin air and wafted out thru a ventilator.

Social Events

Catholic Ladies' Aid Met With Mrs. McAvoy.

The Catholic Ladies' Aid of the Church of Our Savior met with Mrs. Mary McAvoy, 814 South Main street, Monday afternoon. About forty members were present. Following the business session a contest was held in which the prizes were won by the following: Miss May Murphy first, Mrs. John Ryan second and Mrs. Con Harrigan, third.

The next meeting will be held with Mrs. Albert Gebert, 603 East College street, Tuesday, Nov. 25. The election of officers for the ensuing year will be held at this meeting.

Presbyterian Missionary Society Entertained.

Mrs. W. L. Robertson was hostess to the members of State Street Presbyterian Missionary Society at her home, 1521 Mound avenue, Tuesday afternoon. Twenty ladies were present. Mrs. Carriel led in the Devotional. After which the leader, Miss Mary Case, gave a very interesting review of the book, "The Lure of Africa" by Cornelius Porter. Mrs. Robertson asked the ladies to remain for a social hour during the time she served delicious refreshments.

Mrs. Landis Hostess to Missionary Society.

Mrs. E. B. Landis was hostess to the Missionary Society of Westminster Presbyterian church at the Manse Monday afternoon. The devotionals were led by Rev. E. B. Landis. The regular business session was then held. Miss Hattie Phillips, treasurer of the society is ill, and a note of condolence was sent to her. Mrs. J. Marshall Miller read an interesting paper on the "Political Situation in China." Other members presented articles on the religious situation in that country. A social hour followed and refreshments were served.

Gave Birthday Party.

Miss Rosie Ater entertained a company of friends at her home Saturday evening in honor of her birthday. Music was furnished on the violin by Walter Lowden, Everett and Irvin Sappington. A number of selections were rendered on the Victrola; games and contests of various kinds were played. Delicious refreshments of weiner sandwiches, pickles, fruit salad, cake and pie was served. The hostess received many pretty and useful presents. All departed at a late hour wishing Miss Rosie many happy returns of the day. Those present were: Rena and Natty Ater, Everett and Irvin Sappington, Gene Cullers, Myrtle and Francis Virgin, Cinderella, Fred and Gerald Sutherland, Bertha and Everett Boatman, Pauline and Irene Lowden, Gladys Cox, Beulah and Harry Ater, Fred Kirchner, Mr. and Mrs. Edw. Ater, Mr. and Mrs. Walter Lowden, Mrs. Ethel Virgin, Mr. and Mrs. Bob Boatman and Mr. and Mrs. William Ater.

Mrs. Hulett Hostess to Orleans Country Club.

Mrs. Marcus Hulett was hostess to the Orleans Country Club Tuesday afternoon. Several selections were given on the Victrola. An interesting letter from France was read by Miss Matilda Richardson. The leader of the afternoon was Mrs. Will Scott, the subject being, "The South and the Negro," by Joel Chandler Harris. Mrs. Minnie Curry gave a paper on Thomas Nelson Page which was thoroughly enjoyed. The members responded to roll call with negro stories. A social hour followed and refreshments were served.

Many Attended Dance.

One hundred and seventy-four couples attended the dance given in Knights of Columbus Hall Monday evening. Music was furnished by Labby's Jazz Band and dancing continued until 3 o'clock Tuesday morning. The grand march started at 11 o'clock and at midnight there was intermission for refreshments. There were visitors present from Hannibal, Mo., Springfield, Bloomington and other points. Announcement was made of a big dance to be given Thanksgiving, the details of which will be announced later.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily made and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, homeopathic asthma or winter coughs.

To make this splendid cough syrup pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

WHAT ARE SECONDS?

Seconds' is a term used to denote tires that for the reasons mentioned below do not carry the manufacturer's regular mileage guarantee. These reasons are:

- (1) Over production in certain sizes.
- (2) Change of tread.
- (3) Change of Color.
- (4) Slight surface blemishes.

The fact that a tire is stamped "second" does not mean that it will not give its original guaranteed mileage. The tires as sold as seconds can safely be sold with the manufacturer's original guarantee.

When the Child is Sick

Who has not felt the pull at the heart-string when the little one's cries of distress and pain rent the home? We do what we can to bring relief. Often there is much guess work—and each treatment is given for temporary comfort.

But to bring permanent relief we should go back to the feet and strike at the cause and invariably it is found in the spine. Thousands of children needlessly suffer from spinal defects which press on the nerves that supply life energy to the rest of the body. It is this pressure that is the cause of mental now and in later years.

Parents who exercise forethought in preparing their children for an abundant, healthy future, will have the young and growing spines examined regularly by a competent Chiropractor. If any spinal defect is found, don't hope for the child to outgrow it, because it invariably becomes worse; but have a defect corrected in time and save much future trouble. Chiropractic is wonderfully efficient in children's cases. Many weak, puny and undeveloped children have been brought back to health and strength through the aid of Chiropractic (ki-ro-prak-tic) spinal adjustments. Investigate Chiropractic and you'll immediately recognize its merits.

Another Wolf Drive Being Organized—Whistles Blown for Armistice Day.

White Hall, Nov. 11.—Armistice day was unexpectedly observed today by the blowing of whistles and ringing of bells, the first evidence of a celebration having its beginning by the sound of locomotive whistles in the C. & A. yards at Roodhouse early in the morning, the hour comparing with that of a year ago when the news of the armistice was announced by "The Morning Call," the typical written sheet that furnished early war news to Roodhouse and White Hall during the war. Today's celebration at White Hall embraced the schools, there being a flag drill in the high school and an address by Rev. Leo Howard during the morning. At 1 o'clock the high school pupils in a body demanded dismissal for the afternoon and there was nothing left to do but comply, the dismissal order gradually extending to all departments. This was the signal for a renewal of the celebration, and guns and autos were brought into play, the noise continuing with more or less emphasis throughout the day an evening.

Another wolf drive to cover the territory embraced on a more extensive scale, and the edate is expected to be forthcoming in a short time. The new drive will be carried out in a more orderly manner for effectiveness in exterminating the wolves that are known to exist in the region south and west of White Hall. A fox drive is also in process of organization between White Hall and Patterson.

The community is beginning to see a lesson in the observance of the 96th anniversary of Methodism that was brought to a close Sunday night. The various programs during the week brought out the names of pioneers whose names are scarcely known to the present generation, whose lives of usefulness formed the foundation for the character of our citizenship and the material development of the community. Monday night the local lodge of Odd Fellows took up the subject of more adequately memorializing pioneer members than has ever been afforded by the passive memorial services of the past, and the result is that elaborate preparations will be made to memorialize one individual deceased member on a near date. The initial service in this connection will probably be devoted to the pioneer merchant, Isaac Lowenstein, who reared a family that is today foremost in the affairs of White Hall. The history of this man is now in the course of preparation for use on this occasion, and it is desired to secure the services of a prominent lawyer as the orator.

The promoters desire to make this a memorial service for the entire community rather than merely a lodge affair, which explains the extensive plans under consideration. Several other names are under consideration in this connection should sufficient community good arise from the Lowenstein memorial to justify continuance. These services will also promote the compilation of local history that is otherwise being lost.

DURBIN

The regular Sunday school social will be held at the church next Friday evening. Everyone welcome.

The Epworth League held a Halloween social last Tuesday evening. About 50 were present and nearly all were masked. Many of the costumes were noteworthy. Decorations and refreshments were in keeping with the season.

MRS. AMELIA WARNER DIES AT BUTTE, MONT.

Former Resident Passed Away at Home of Son—Burial Will Be Made Here.

Word was received Tuesday by W. J. Wood of the death of Mrs. Amelia Warner, a former resident of Jacksonville which occurred at the home of her son, Carl H. Warner of Butte, Mont., Monday night.

Mrs. Warner suffered a severe attack of illness some months ago and had not been in good health since that time. Some time ago her son, Carl, came to Jacksonville and his mother returned with him to make her home in Butte.

Deceased was the widow of the late Joseph Warner for many years an engineer on the C. P. & St. L., and the old Jacksonville-Southeastern lines. He had the run between this city and Havana. She was about 67 years of age at the time of death. She is survived by one son, Carl H. Warner.

She was a member of the Wilbur Chapter, Order of the Eastern Star and of Caritas Lodge Rebekahs, being one of the charter members of the latter organization. She always took an active interest in these organizations and was a woman highly regarded in this city where many years of her life was spent. News of her death will be received with regret by many friends.

The remains will arrive in the city Friday evening over the Chicago & Alton accompanied by Mrs. Carl H. Warner. The time of the funeral will be announced later.

PROGRAM GIVEN AT SCHOOL FOR DEAF

Armistice Day Given Appropriate Observance By Pupils

A very interesting program was that presented at the chapped at the State School for the Deaf Tuesday morning in commemoration of Armistice Day. Mr. C. W. Taylor made introductory remarks and offered a prayer. Then the entire company of students joined in a song, "The Star Spangled Banner," the signs given by Mr. Putnam. A group of four girls, Miss Helen Ballard, Emma Claus, Ora Gibson and Gladys Watts, appeared in a series of interpretative poses which were read by Miss Amelia DeMotte.

The address of the occasion was by Mr. Ordman Fox, a veteran of the world war. Mr. Fox, who saw active service at the front thru a period of months, gave a very absorbing account of army life in this country and with the American Expeditionary Forces. Mr. Fox brought into close view numerous obscure facts about some of the great battles at the front and he was heard with great interest by all in the company. The salute to the flag in which the whole school participated, was a very impressive number on the program.

Mr. Taylor arranged for the exercises of the day and certainly the school for the deaf had a fitting observance of the important holiday.

LOCAL POST GROWING

The membership committee of the American Legion announced last evening that the total enrollment of Jacksonville Post to date is 233. This is the number of charter members of the post, as all who are in the post and whose dues are paid up are considered charter members. It is especially gratifying to the membership committee to know that their invitations to join the local post have been so readily accepted by most of the ex-service men of the city. It is expected that the increase will continue for some time as the organization becomes better known and its purpose better understood.

The next meeting of the post will be held Tuesday, Nov. 25th in the Elks lodge rooms. Much important business is to come before the post at this meeting. The election of permanent officers will be held. It is thought that the Legion buttons will be on hand by that date and also that the certificates of memberships will be ready to distribute.

ARMISTICE PARADE TUESDAY EVENING

What the armistice parade lacked in length and number Tuesday evening was made up in enthusiasm. The parade formed on West State street and headed by Charley DeSilva's drug corps made a parade of the square and several business streets.

Early in the evening the boys began to gather with their noise makers and they were in evidence thruout the line of march. It would be impossible to have a parade like that of a year ago, but the one last night was very creditable to be formed on such short notice.

One of the main features was a representation of a German soldier in charge of an American soldier. The American soldier had a long rifle with the muzzle in the back of his German prisoner, while he kept firing shots at his feet from a revolver.

FREIGHT WRECK NEAR CARROLLTON

Smash-up Ties Up Traffic on Alton Main Line Many Hours — Cars Containing Hay, Meat, Wheat and Eggs Wrecked.

White Hall, Nov. 11.—South bound C. & A. freight No. 93 crashed into the rear of the south bound local freight, No. 121 at 10:40 a. m. today just north of Macoupin creek bridge, three miles south of Carrollton. The local freight had been flagged by a bridge gang that was changing a stringer, and No. 93 crashed into the rear of No. 121 while running at the rate of 25 to 30 miles an hour. Six cars were wrecked, including two of hay, one of wheat, two of meat, one of eggs. Wreckers were put to work at both ends, and the greater part of the night will be required to clear the main line. The wrecked engine turned over on its side. Brakeman J. L. Dooley and Engineer L. B. Wright were slightly injured in jumping. Both reside at Roodhouse. The C. & A. used the Burlington track between White Hall and Godfrey.

MOVING DAY.

There have been a number of property changes recently and this has necessitated a number of "moves" by local residents.

George Brown sold his property on West North street recently and is now occupying the apartment in the Cherry Flat building formerly occupied by Lawrence Goveia.

Mr. Goveia moved to 610 West State street and now resides at the residence formerly occupied by H. M. Hopkins.

Mr. Hopkins purchased the residence property at 134 Prospect street which has for several years been the home of D. R. Roy.

The sale of the property forced Mr. Roy to move and he is now occupying the property on the northeast corner of College avenue and Prospect street where Mr. Wyatt lived.

At the Cherry flats Orien Tandy who had been occupying an apartment on the second floor moved down to the first floor and now resides in the apartment which Dr. Waggoner formerly had.

Mr. Wyatt has moved into the Tandy apartment on the second floor.

SOME ARTISTIC WORK

In the window of the Journal office are displayed a number of articles which were made by Fred O'Daffer and Earl Reed, members of the fire department. Both are ex-service men and they learned the art of making them while in the navy. There is a bed spread made of ordinary twine string. Several other articles are made in colors and are of most artistic design and workmanship. The boys have made them for members of their families and they are not for sale. They merely wished to show what the men learn during their spare time in the naval service.

GAVE PARTY FOR SON

LICENSED TO MARRY

James A. Stewart, Waverly; Hattie White, Waverly.

In March we placed our order for fall and winter suits and overcoats.

Wholesale prices advanced ten dollars and more per garment. But this advance did not apply to our order. The increase became effective at once on all orders placed then and thereafter.

Our stocks of suits and overcoats were brought at the old prices. Manufacturers now charge more for the same garments and they are worth more. When our present stocks are exhausted, we shall have to pay more. They cannot be replaced at the old prices.

We believe that clothing should be sold on a basis of cost regardless of subsequent developments. The price we charge is determined by the price we pay, no matter how much higher the prevailing market value may be.

We won't charge more unless we have to pay more, and we won't pay more if we can help it. But no matter what we pay or when, our selling price will represent nothing more than a legitimate profit upon the actual cost.

New Ruling From War Risk Bureau

In order to give all former service men whose insurance has lapsed or been canceled, a fair chance to reinstate their insurance, including men who have been out of the service eighteen months or more, and who are therefore barred from reinstatement under the former ruling, a special blanket ruling is made which allows all ex-service men to reinstate their insurance before December 31, 1919, provided that each applicant is in as good health as at date of discharge or at expiration of the grace period, which is the later date, and so states in his application. Of course it is necessary that he tender the two months' premiums on the amount of insurance he wishes to reinstate.

Service men who reinstated their insurance by payment of all back premiums prior to July 25, 1919, when the decision requiring payment of only two months' premiums went into effect, upon written application to the Bureau may have any premiums paid in excess of two applied toward the payment of future premiums.

HEAD MUST BE LOWERED WHEN PERSON FAINTS

(University of Illinois Health Adviser.)

How often we see the friends of a person who has fainted trying to help him by supporting him in an upright position either on a chair or by holding him on his feet—exactly the wrong thing to do. Fainting is a temporary loss of consciousness due to insufficient supply of blood to the brain. An erect position further decreases the supply. Lying perfectly flat and raising the feet would cause the blood to flow to the brain by gravity.

Persons faint from bleeding, extreme heat, lack of air, exhaustion, weakness, fear, or the sight of blood. The mental element is present in almost all attacks. Persons about to faint often complain of the room being warm. They become weak and black spots float before the eyes. The face becomes pale, the lips lose their natural pink color, and cold perspiration covers the forehead. The pulse is rapid and weak and the breathing very shallow. They sink back into their seats or fall to the ground unconscious.

If the head is lowered between the knees as soon as the attack is felt or noticed, it may be possible to check it. If not, lay the patient upon a couch with the head hanging over the end or side. Raise the feet. Where this can not be done, place him flat upon his back upon the floor or ground and lift his legs to a position of right angle to the body.

A person who has fainted should have plenty of cool, fresh air. This alone may produce recovery. Fanning or sprinkling the face with cold water is useful. Smelling salts or a few drops of ammonia water held to the nose at intervals of a minute until the breath has been taken is sometimes helpful. After the patient has become conscious he may be given one-half a teaspoonful of aromatic spirits of ammonia in a third of a glass of water. He should not sit up or attempt to walk until completely recovered.

FIGURES ON KANSAS CORN CROP GIVEN

Topeka, Kans., Nov. 10.—The Kansas corn crop this year will amount to 64,365,000 bushels, according to estimates released today by Edward C. Paxton, for

the bureau of crop estimates at Topeka. This is based on the first estimates of actual yield taken this year and is very close to the amount forecast from the condition of 45 per cent recorded in October. It is 20,842,000 bushels more corn than Kansas produced last year, but 41,718,000 bushels less than the ten-year average. In only five years since 1874 has Kansas produced less corn.

Leadership Through Service

A generation ago leadership in any industry was interpreted to mean the ruthless use of power.

Today it is recognized that leadership in industry is attained and maintained only when, through efficiency, an organization is able to render superior service.

A generation ago competition meant getting the business without regard for its effect on the industry.

Today competition means friendly rivalry in supplying the world with superior products at a minimum cost, and getting the business through superior service.

The Standard Oil Company (Indiana) enjoys a leading position in the petroleum industry, and is maintaining this leadership because it recognizes that this position can be measured only in terms of usefulness and service.

It is the ambition of those responsible for the activities of the Company to strengthen this leadership.

The Standard Oil Company (Indiana) believes that an organization can live and prosper only when it puts ideals of service above ideals of profit, which is exactly what the Standard Oil Company (Indiana) is doing. The profits earned are but a measure of the service rendered.

Thus does the Board of Directors of the Standard Oil Company (Indiana) interpret its obligation to the public and to the 449 stockholders, not one of whom owns as much as 10 per cent of the total stock.

THE OBSERVATORY

An additional \$10,000,000 to the Rockefeller Institute from John D. calls attention once again to the fine fall we have had for motoring.

At a public sale in Kansas some time ago nine hogs sold at seventy-three cents each, a yoke of oxen for \$25, a cow and calf for \$8, a heifer for \$4.50, a steer for \$3.50, sheep for \$1 apiece, a mare for \$40 and an ox wagon for \$11. Which illustrates the indefiniteness of "some time ago." The sale was in 1834.

Now that the breaking waves no longer dash high on the stern and padlocked bars of Springfield and Beardstown and seasickness is virtually abolished from that territory, the navy is pushing a campaign for recruits in Jacksonville and vicinity. It is understood that the city authorities are trying to help the navy here by urging all young men who at present are using themselves for decorative purposes only to enlist.

It has been stated that if a boy doesn't have chapped hands in November, he is likely to be a mollycoddle in other respects, too.

Do you find that the bulk of your magazine reading this year has been the reading about the wonderful edition that is to follow next month?

"Human nature, city and country, is fundamentally the same," says Toronto Kelly. "The city reader smiles at the country correspondence in the old home town weekly and the country reader howls over the items in the society column of the city daily."

FLU CAUSES SIX DEATHS IN CHICAGO

The weekly bulletin of the health department issued yesterday, shows that six persons died in Chicago last week as result of influenza. Dr. W. A. Evans, health authority and writer of Chicago, last week, predicted that the world would again be swept by an epidemic of influenza far more severe than last year, when thousands of lives were lost. One thing is sure, that is, the warm weather this fall has kept the epidemic down, but as colder weather approaches, influenza is liable to break out any time. Dr. Brady says: "No one has yet discovered a positive method of diagnosing early cases of influenza from alleged 'colds.'" The utmost care should be taken, therefore not to catch cold, for colds weaken the resistance to influenza germs.

Doctors seem to agree that it is much easier to prevent influenza than to cure it. The secret of preventing influenza is to keep the germs from lodging and developing in the respiratory organs—the mouth, nose and throat. No one should be allowed to breathe in your face because the germs are often transmitted in this manner.

Influenza can be prevented, last year's results prove that. As a preventive for Flu, Turpo has been a pronounced success. Turpo is an effective germicide, combining the old-fashioned remedies of turpentine, (which has always been known as the best home germicide), camphor and menthol in a pure mineral base. These ingredients have long been recognized as effective germicides, as well as having really wonderful qualities in relieving colds and congestions. Snuff a little Turpo up the nostrils several times a day, and the Flu germs will have little chance of getting a lodging and breeding place. Many physicians and hospitals use and recommend Turpo.

Prepare now. Buy a thirty-cent jar of Turpo, while your druggist has a supply on hand, and use as directed. Last year druggists could not supply the demand. Remember that Turpo is a preventive, not a cure for influenza. Take care of yourself.—Adv.

adjacent town advertises. "Leave it to Lyle." But, honestly now, if you really want to catch them isn't silk more effective?

A woman can pack a roomful of things in a 3x4 trunk, and can put a size 6 foot into a size 3 shoe; and then she can turn around and make three columns of discussion out of a 1-line news item. Why all our problems of supply and demand haven't been turned over to the women is something neither the men nor the women can understand.

Have you heard that latest and not too popular song in Jacksonville: "Keep the Tail Lights Burning?"

The editor of the Frankfort Index is back in Ohio visiting his boyhood home, and in one of his letters he says: "They have rural mail routes here, and hard surfaced roads. I was talking with one of the carriers yesterday. He drives a horse, and said some of the roads were very rough. I was telling him that I was going to Frankfort used Ford cars. I sprung the old argument that a car doesn't eat while it is in the shed. And he said, 'Yes, and a horse doesn't eat when he is working.' And do you know, a whole lot of people never thought of that."

Americanism in Massachusetts
The victory of Governor Coolidge in Massachusetts was an overwhelming endorsement of his courageous stand in the Boston policemen's strike. The governor held that public officials, including policemen, occupied a position different from that of workers in private enterprises. They were not permitted to join any organization that might interfere with their duty to the state, and they were under obligation not to interrupt their service.

When the Boston policemen struck, the governor took prompt and decisive action to fill their places and he refused to restore the strikers to duty. His Democratic opponent challenged his position, with the result that Massachusetts gave the governor a greatly increased majority.

The election showed the American determination to maintain law and order as the basis of civilization.

GERMANY WANTS PRISONERS.

London, Nov. 10.—The German government says a wireless despatch received here tonight has sent a note to Paris addressed to President Poincaré strongly complaining against the continued detention in France of 100,000 German prisoners. The note appeals for the repatriation of the prisoners in the name of humanity.

Neuralgia Pains
Give Way to Soothing Hamlin's Wizard Oil.

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents. If not satisfied, return the bottle and get your money back. Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.—Adv.

STOMACH ON A STRIKE

"Pape's Diapiesin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diapiesin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antidote is Pape's Diapiesin, which costs so little at drug stores.—Adv.

AIRPLANE INDUSTRY GROWING RAPIDLY

New York, Nov. 10.—Col. Jefferson Demont Thompson, chairman of the New York state aviation board and chief of the New York City aerial police, tonight was elected president of the Aero Club of America to succeed Allan R. Hawley.

It was announced that there are now more than 1,000 private owners of airplanes in this country and that it is estimated at least 5,000 planes will be bought the coming year.

Announcement also was made that within the next year a dozen aerial contests are to be held under the auspices of the club and the Aerial League of America. These will include the international balloon race which has not been held since 1914.

SINCLAIR

The four horse team belonging to Ed McDowd got away from the driver at Strawn's Crossing and was captured at the Wm. Crum place two miles north of Prentice about ten miles from place of starting.

H. M. McNeal of St. Louis was visiting relatives and friends here last week, returning to St. Louis Saturday.

John Davenport Sr., who was taken to a hospital operated on for cancer is reported as doing well at last accounts.

Asco Beck has just moved his family from Kentucky and has moved into the Wheeler house two miles west of Sinclair.

Rolf Wain of Tawanda, formerly agent here spent Sunday with A. T. Hodgson and family. On account of the condition of a young man that came from Jacksonville Saturday evening and had to be helped off the train and taken care of by friends makes us think that the nationwide prohibition does not prohibit.

A. A. Harens shipped one load of hogs from here to Chicago this Monday morning.

Mrs. John Tompkins and daughter Lovetta motored to Alton Wednesday where they got rained on and returned home Friday by railroad.

LITERBERRY

Mr. and Mrs. Immunga of Litchfield and Miss Esther Vasey of Jacksonville were guests of Mr. and Mrs. H. D. Crum Saturday and Sunday.

Lieutenant L. T. Dubuque, just from France, whose home is in St. Louis, visited his friend, Miss Helen Herschowitz one day last week at Allegretto farm, where Miss Helen is making her home for the present.

Son of our church people attended a barn dance at Ed Shibe's last Wednesday night.

The Ladies Aid of the Baptist church met on Saturday with Mrs. Ed Litter at her home in Jacksonville. About 20 members were present and a very pleasant and profitable meeting was held. A two course luncheon was served at the proper time. A good offering was taken and the meeting closed.

The next meeting will be at Arcadi with Mrs. Flora Nicholas, and the annual election of officers will be held. The Mission Circle will meet at Sunshine Cottage Friday afternoon the 14th. This will be an October and November meeting together. Members will please bring their "King's Message" song books.

The Jewish Relief Drive is closed, the time is out, and we are sorry to say that some people refused to help, turning away an opportunity to do their duty in a worthy cause, while we are glad to say, others responded gladly to the cries of the starving Jewish people of Poland and Palestine. Our worthy postmaster, James Petefish, is taking renewals to the Red Cross membership, in which all people should be deeply interested.

Miss Margaret Chapman, a teacher at Literberry college, went to Jacksonville Saturday, returning Sunday.

Rev. W. R. Johnson filled his regular appointment at the Baptist church Sunday morning, preaching from Isaiah 42-3. Mr. Johnson preached a splendid sermon, and closed with these words, "there's nothing worth while without Jesus."

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Le Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this recipe to be constantly sniffling, blowing and sneezing, when all these obnoxious symptoms as well as the discharge can be made to disappear in a few days.

Ask for three-quarters ounce of Mentholized Arcine that's all you need and after have mixed it with enough water to make a pint, gargle throat twice daily and spray some up the nostrils, directed.

The tender nostrils will lose their soreness, heal up, and clean and healthy.

Important Reminder: Just soon as anyone in the family a cold in the head, check it at with this same medicine.

FINANCIAL AND COMMERCIAL

The United States Steel Cor-
poration has agreed to purchase
\$10,000,000 of the new British
5½ per cent bonds and in addi-
tion to subscribe \$10,000,000 to
the syndicate, which will guaran-
tee the sale of the total issue.

The Interstate Commerce Com-
mission's tentative valuation of
the road and equipment of the
Boston and Maine system on the
basis of cost of reproduction is
\$231,775,778, or about 10 per
cent in excess of capitalization.

During the last 10 months the
American International Corpora-
tion's shipyard at Hog Island de-
livered to the Government fifty
ships with a total tonnage of
105,555 tons more than the entire
output of the United States in
1916.

The Eastern Terminal Corpora-
tion, a \$5,000,000 enterprise
formed to facilitate the distribu-
tion of the 35,000,000 tons of
freight which enter New England
annually over the New Haven
railroad lines, plans to build huge
warehouses in Boston.

An offering of \$1,200,000 of 6
per cent preferred stock of the
Seamless Rubber Realty Asso-
ciates is made by a syndicate in-
cluding Lee, Higginson & Co.
The stock is offered at par and ac-
crued dividend. The company
owns a factory in New Haven,
Conn.

Directors of the Cleveland
Motor Co., are expected to an-
nounce a plan for issuing fifteen
shares of new common stock for
every present share. The com-
pany's earnings this year are esti-
mated at about \$2,200,000 after
taxes and charges, or about
\$10 a share.

Tolls paid by 174 commercial
ships passing thru the Panama
Canal in September aggregated
\$588,993. The average toll for
each ship was \$3,385. Total tolls
were \$20,452 less than in August.

Net profits of the Carbon Steel
Co. in September were \$1,204,
000. On Oct. 15 the company paid
an extra dividend of 3 per cent
on the common stock in addition
to the regular quarterly dividend
of 2 per cent.

STOCKS SENT DOWN WITH CRASH

New York, Nov. 11.—Stocks
went down with a crash today, all
gains of the previous month and
much more in a number of in-
stances being sacrificed in the
wave of liquidation which swept
the market in the furiously
active hour.

Excepting United States steel
and representative railway shares
leaders reacted five to almost
forty points.

General Motors, conspicuous
for its recent advance above 400,
broke from 386, its best price to
\$348 1-2. Primarily the violent
upheaval was attributed to re-
current stringency in the money
market. Call loans opened at
the new high of 14 per cent and
held at that price until the last
hour when 20 per cent was de-
manded with another jump to 25
per cent just before the finish.

Further apprehension was caused
by the demoralized conditions
which prevailed in the market for
foreign exchange. Rates on Lon-
don, Paris and Rome fell to new
levels of discount and remittances
to less important European cen-
ters were sympathetically affected.

The market was strong at the
opening, gains of 2 to 6 points
being accelerated by the short
covering which followed the an-
nouncement of the calling off of
the coal miners strike.

Reversals set in before the end
of the first hour, however, each
tentative rally being followed by
a gradual drop to lower levels.
Sales amounted to 1,900,000
shares, almost 60

MINER FORCED TO GIVE UP WORK

Couldn't Raise Hand as High as
His Head—Gains Twenty-five
Pounds.

"I was in such an awful condition from my twelve years of troubles that I had to quit work entirely but now since I have taken Tanlac I have gone back to my work and never felt better in my whole life," was the unusual statement made by William A. Cruickshank of Bartonville, Ill. recently.

"You see, the dampness of the mine had given me the very worst kind of rheumatism," he continued, "that had been troubling me for about twelve years. My elbows hurt me so bad that I couldn't raise my arm as high as my head and when I sat down to the table I could hardly lift a cup of coffee with my mouth, and my arms and elbows pained me so bad I had to keep them bandaged in all sorts of applications to try and get some relief so I could sleep a little at night. My legs also gave me a lot of trouble and at times could hardly get about, they hurt me so bad. And this wasn't all, my stomach was all out of order and I was never able to eat any thing and enjoy it for thinking about the pains and belching that would bother me for hours after every meal. I didn't have any appetite and fell off in weight terribly, and went about all the time with a dull heavy feeling about me.

"This was my condition when I gave up mining coal for it was a case of give up or die, and I guess I would have still been in this shape if it hadn't been for a friend who told me about Tanlac and got me to take it. Well sir I hadn't taken but a few doses before I could just feel the trouble leaving me and my appetite coming back. And now I haven't a trace of rheumatism in my whole body and I don't believe any man can look at me and tell that I ever had it in my life. I am eating anything I set before me and resting it without the least bit of trouble, and I never have that dull, heavy feeling any more. I sleep fine at night, have been back at work quite a while and am able to mine as much coal as ever in my life. When I started taking Tanlac I weighed about one hundred and eighteen pounds and now I tip the scales at one hundred and fifty-three, and have never felt better before."

Tanlac is sold in Jacksonville by Coover & Shreve, in Mercedos by Mr. R. B. Field, in Murrayville by M. E. Gilbert, in Waverly by the Wyle Drug Co., in Woodstock by the Hoy Pharmacy, in Chapin by Jno. Onken, and in Alexander by Frank J. Kaiser.—Adv.

Danger!

EVERY time you shave you are flirting with fatal infection.

Shaving brush bristles carry the germs of fatal disease, says the New York City Department of Health, and many cases of anthrax have been traced directly to this source.

Barbasol eliminates all chances of infection.

It is the antiseptic beard softener; no brush, no lather, no rubbing required. Softens the toughest beards; harmless to the most delicate skin.

Use Barbasol and be safe.

ILLINOIS FOLKS TELL THEIR STORY

Freeport, Ill.:—"I can highly recommend Dr. Pierce's Golden Medical Discovery to any one who suffers with bronchitis or deep-seated coughs and I have found it to be an especially fine tonic for children convalescing from serious illness. When my little daughter was only three years old, she almost died with bronchitis. She was so weak and it seemed after the crisis had passed that even then she might not recover. It was then that I gave her the 'Golden Medical Discovery' and she grew well and strong in a comparatively short time. She is now fifteen years old and has rather bronchitis nor any lung trouble but is a strong hardy girl."—Mrs. ALBERTA DOUGLAS, 17 Wilbur St.

Rock Island, Ill.:—"I began to suffer with influenza which was so prevalent all over and had a cough and chest felt wretched. I began taking Dr. Pierce's Golden Medical Discovery and it brought me through this dread disease in splendid condition. It was the only medicine I took and it was not necessary for me to call in the doctor. 'Golden Medical Discovery' saving cured me. I can highly recommend it to others who are afflicted."—J. S. COL. PALMER ACTIVE IN ARMY AFFAIRS

Had Prominent Part in Formulating
Plans for American Ex-
peditionary Forces.

The Springfield Journal yesterday had the following interesting statement about the army activities of Col. John M. Palmer, a relative of Mr. and Mrs. T. P. Laning, and Mr. and Mrs. E. C. Lambert of this city:

The part which a former Springfield boy took part in the organization and operation of the American Expeditionary Forces in the recent war, was brought out in a short time ago in the testimony presented before the Committee on Military Affairs of the House and Senate in Congress in considering the army reorganization bill as represented by a pamphlet issued from the government printing office. This officer is Colonel John M. Palmer, a grand-son of the late General John M. Palmer and a brother of Dr. George Thomas Palmer of this city.

Immediately prior to the outbreak of the war, Colonel Palmer was a member of the War Plans committee of the general army staff. A committee of four officers was designated to prepare a national military policy based on universal military training. This plan was transmitted to Congress, but was not acted upon on account of American participation in the war, but it furnished the basis for the formulation of the national army and the policy of the selective draft. Upon the declaration of war, Colonel Palmer was one of the committee of four officers who prepared the plan for American participation and he served as chairman of the committee which held conferences at Washington with Marshal Joffre of France and Mr. Balfour of England relative to the cooperation of the forces of the Allies.

Plans First Work. Colonel Palmer was then made a member of three of the general staff to plan the work of the first expeditionary division to be sent to France, including the general development of the American Expeditionary Forces. Shortly thereafter Colonel Palmer was selected by General Pershing as chief of operations of the American Expeditionary Forces. He went to France and completed the final tactical organization of the American army as well as the initial organization of the general staff of the American forces abroad, making the necessary reconnaissances to determine the strategic field of operation. Returning to France after two months' illness, Colonel Palmer was connected with the training schools for infantry officers and the organization of the General Staff College with General Bullard at Lyons and General McAndrew at Langes.

In February, 1918, he was sent to Italy as a member of the American Military Mission and later, at his own request, was sent into the field as commanding officer of the 58th Infantry Brigade in the 28th Division.

Returns to Washington. On the signing of the Armistice, Colonel Palmer was returned to Washington where he is now serving as chief of the war plans branch of the general staff charged with the preparation of plans for the national divisions with the preparation of coast defense plans and the organization of the army. During the war, Colonel Palmer received the French Croix de Guerre with palm and decorations from the American and Italian governments. His nomination as Brigadier General accompanied by a cablegram from General Pershing commending his unusual service in the organization of the army was transmitted to Congress just a few days before the signing of the Armistice.

NOTES REGARDING GOODS

A Journal reporter met a number of traveling men yesterday and all had the same kind of a story to tell, shortage of goods, material and labor. One veteran carpet man who used to come around with thirty or forty trunks of samples was here after a long absence yesterday carrying a small valise with some photographs in it. He said in many cases wholesale dealers allotted to merchants a portion of orders according to previous business. He said one large rug house couldn't fill orders because the men wouldn't work much more than half the time and that was with many others.

Then, too, the unusual demand for high quality goods. This same man said he was satisfied that the newly rich in the Oklahoma and other oil fields would buy every high class rug the manufacturers of the United States could produce. Another dealer said he ordered a lot of goods from a manufacturer last July and recently received less than a fourth of the order the maker saying his men wouldn't work more than three or four days a week and he was unable to fill the orders. One large rug manufacturer had been able to turn out about seventy thousand rugs this year and by the first of the month he had received orders for 140,000 this year. A gentleman who recently visited St. Louis stepped into one of the great shoe factories there and saw a big order just received from Paris. There were on hand buyers from Brazil, Argentina and other foreign lands not asking prices, but taking everything they could get and paying cash for it.

ANNOUNCEMENT I hereby announce myself a candidate for commissioner in road district No. 8 at the election to be held March 2, 1920.

TIME FOR FARMERS TO JOIN HANDS

CHICAGO, Nov. 10.—A warning that the day had arrived for the farmers of America to join hands under one head and establish a national headquarters in Washington was sounded today at the convention of the National Association of Commissioners of Agriculture.

Capital and Labor has an advantage over agriculture interest, John Sparrin, member of the executive committee of the National Board of Farm Organizations, because they have proper representation in Washington.

He said that agriculture had the largest capitalist in the country as well as the largest labor interest.

MAY BRING 150,000 JEWISH ORPHANS TO U.S.

PHILADELPHIA, Nov. 10.—Plans to bring to this country 150,000 Jewish orphans, provided the state department sanctions their immigration, were made today by the Jewish relief committee in session here.

The children it was announced, would be adopted by Jewish families or cared for by the various Jewish organizations in the United States. It was decided to charter ships to bring them to America. In case the immigration is not allowed it was planned to send the ships to Europe loaded with food for destitute Jews. A resolution was adopted authorizing the committee to register those willing to adopt the orphans.

OBITUARY FOR LITTLE MARJORIE VEDDER

Once more a home is in mourning and the whole community is in sorrows and shadows, Little Marjorie Vedder was born near Jacksonville, July 15, 1919 and passed away into the Great Beyond Nov. 8, 1919, at the home of the grandparents, Mr. and Mrs. Thomas Lacey, 1721 South Main street. The cause of the death was strangulation and every medical aid was given, but nothing could be done to save its little life. Friday evening the parents went to the home of Mrs. Vedder's parents, Mr. and Mrs. Thomas Lacey of 1721 South Main street, to spend the night. Little Marjorie was as well as usual at that time. About 2 a. m. Saturday Mr. Vedder the little child's father was aroused from sleep thinking he heard her gasping as though something was over her face, he arose and turned on the light and found little Marjorie was either very ill or dead. Doctors Woulfe and Weirich were summoned but the little child was dead when the doctors arrived. There are left here on earth to cherish the memory of her loving and sweet little life the sorrowing relatives: Mr. and Mrs. Jesse H. Vedder, parents of little Marjorie and one twin sister, Majorine. The deceased was 3 months and 23 days at the time of her death.

Funeral services were held Sunday at 12 o'clock at the home of the grandparents, 1721 South Main street in charge of Rev. F. M. Crabtree. Music was furnished by Mrs. Fletcher J. Blackburn and Mrs. J. Edgar Martin, who sang very sweetly, Face to Face and Sometime We'll Understand.

The remains were then taken to the Young Blood church at Nortonville, where more extended services were held by the Rev. Mr. Crabtree at 2:30 p. m. Music was furnished by Mrs. Henry Whitlock and the church choir sang, Nearer My God to Thee, Jewels, Beautiful Isle of Somewhere and Will the Circle Be Unbroken. Burial was made in the Young Blood cemetery. The bearers were Alice Fanning, Winnona Henry, Hilda Cox and Oleta Kelley.

The flowers were many and beautiful and were tenderly cared for by Edna Newby, Lula Kelley, Alien Newby and Irmene Kelly.

In Loving Remembrance Of Marjorie Vedder Born July 15, 1919. Died Nov. 8, 1919; age 3 months and 23 days.

We had a little treasure once, She was our joy and pride, We loved her, ah perhaps too well, For she soon slept and died, All is dark within our dwelling, Lonely are our hearts today, For the one we loved so dearly, Has forever passed away.

Men's Gloves for any occasion are shown by FRANK BYRNS' Hat Store.

CARD OF THANKS We wish to express our thanks to our neighbors and friends for their kindness in our sad bereavement in the death of our Darling Little Marjorie, and also the many beautiful flowers.

GETS 28 EGGS A DAY NOW, FROM 34 HENS

Chas. C. White, Well-Known Breeder, Tells How. Costs Nothing to Try.

"I gave Don Sung to 34 utility Buff Orpingtons and the egg yield increased from 7 to 28 eggs a day. Don Sung is a wonder and I am now giving it to all my hens regularly."—Chas. C. White, Manager Cherry Hill Farm, Flackville, Ind.

Mr. White is the well known breeder and exhibitor. He wrote the above letter during bitter cold weather in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same offer we made him. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid Burrell-Dugger Co., 284 Columbia bldg., Indianapolis, Ind.

Why Worry about SUGAR? Your Grocer has Lots of Karo

FOR cooking and baking Karo is Fused in millions of homes. In all cooking and baking recipes use mostly Karo instead of sugar. It is sweet, of delicate flavor and brings out the natural flavor of the food.

Nothing better than Karo for candy making. For successful preserving use Karo fifty-fifty with sugar or use straight Karo if preferred.

Buy In Quantities —Save Money

There are Three Kinds of Karo "Crystal White"-in the Red Can, "Golden Brown"-in the Blue Can, "Maple Flavor" the new Karo with plenty of substance and a rich Maple Taste—in the Green Can.
